

Community Conservation Assistance - Public Land Application - 2027-29

Form Preview

Introduction

Community Conservation Assistance on Public Land

Eligible projects:

[Community Conservation Assistance program \(CCA\)](#) provides assistance to groups and individuals within Council's Community Conservation Partnerships program (CCPP) to undertake on-ground environmental restoration.

This assistance allows Council and community environment groups to collaboratively deliver projects within priority biodiversity areas that would otherwise be difficult for groups or individuals to undertake.

Groups and individuals that are eligible to apply are:

- [Habitat Brisbane groups](#)
- [Creek Catchment groups](#)

The project must be located on existing Catchment Group or Habitat Brisbane sites.

Projects which are NOT eligible:

This assistance cannot be used for:

- payment for specialist advice such as hydrologists or ecologists
- replacement of culverts or other engineering works
- work on private land
- work on state or federal land.

Funding amounts:

Up to \$25,000 worth of assistance per project.

Closing date:

The closing date for CCA applications to be submitted is **midnight, Tuesday 26 February, 2027.**

(for assistance with SmartyGrants queries, please phone Morgan Lewis on 3403 8888 or email EnvironmentGrants@brisbane.qld.gov.au)

PROJECT TEMPLATE is: [CA22/781688](#)

Applicant details

Joint project details

Projects can be submitted between applicants e.g. between WCPP landowners, or between WCPP landowners and HB and/or CCG groups, etc.

Is this a joint project?

☐ Yes

☐ No

Joint project details

List the other applicants and the program they are members of, who are working collaboratively to deliver this project.

i.e. Name - Address - Program

Are all recipients listed above supportive of the proposed project and this application?

☐ Yes

☐ No - before submitting this form, please ensure that all recipients are supportive of the project.

Project location

* indicates a required field

Project Location

Address of project site *

Address

Suburb State Postcode

Address Line 1, Suburb/Town, State/Province, and Postcode are required.

Enter the main project site where the majority of the work will be carried out. Please enter Rd, St, Av etc in full i.e: Road, Street, Avenue

Council Park name

if relevant

Council Park 'D' number

required for SIS mapping

Lot Number (if required)

if required to define smaller lot on large park area

Budget Totals

Total Expenditure Amount

\$

This number/amount is calculated.

Total amount of funding requested

What is the total amount you are requesting from Council for your CCA project? *

\$

Must be a dollar amount.
and no more than \$20,000

Upload any Budget support documentation here: *NOT COMPULSARY*

Attach a file:

Management plan and Consent to project

* indicates a required field

Creek Catchment Groups

NOTE: Project site is defined as the location of the work to be undertaken for this specific CCA project, rather than the whole bushland rehabilitation area.

Is the proposed project work within a current Habitat Brisbane or Creek Catchment site and supported by a Site Management Plan?

☐ Yes

☐ No

Please provide details if the project scope is not in-line with the management plan for the site.

Attach other supporting documentation here, i.e. photos

Attach a file:

Habitat Brisbane Group

NOTE: Project site is defined as the location of the work to be undertaken for this specific CCA project, rather than your group's designated bushland rehabilitation area.

Is the proposed project work within a current Habitat Brisbane site and supported by a HB plan?

☐ Yes

☐ No

Please provide details if the project scope is not in-line with the management plan for the site.

Attach other supporting documentation here, i.e. photos.

Attach a file:

Management Plan reminder

A Management Plan does not need to be completed for either Creek Catchment and Habitat Brisbane groups working WITHIN designated Habitat Brisbane areas as the existing HB Plan will accommodate this.

If your project is successful ensure that the maintenance is integrated into your group's Project Plan.

Consent to Project Application

I consent to the project outlined in this application, being undertaken on the nominated Habitat Brisbane / Creek Catchment group site, and the group agrees to undertake maintenance works at the project site after the completion of the project.

Name of person authorised to consent *

Position in Group *

President, Chair, Secretary, HB Group Leader, etc

Date *

Must be a date.
